

## HOW TO MAKE A SNOWFLAKE

1. Cut out your chosen template.
2. Follow the instructions below, the method is the same for all the snowflake templates.

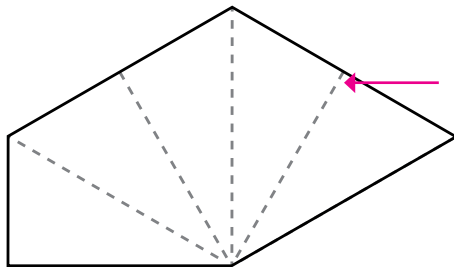

1. Fold in half

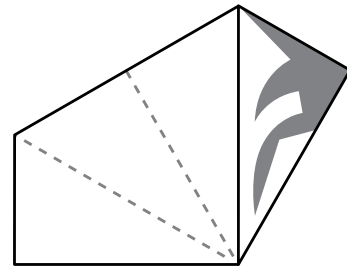

2. Fold this edge under diagonally

3. Fold this edge back diagonally the other way

4. Continue folding back and forth

5. You should end up with this folded triangle shape

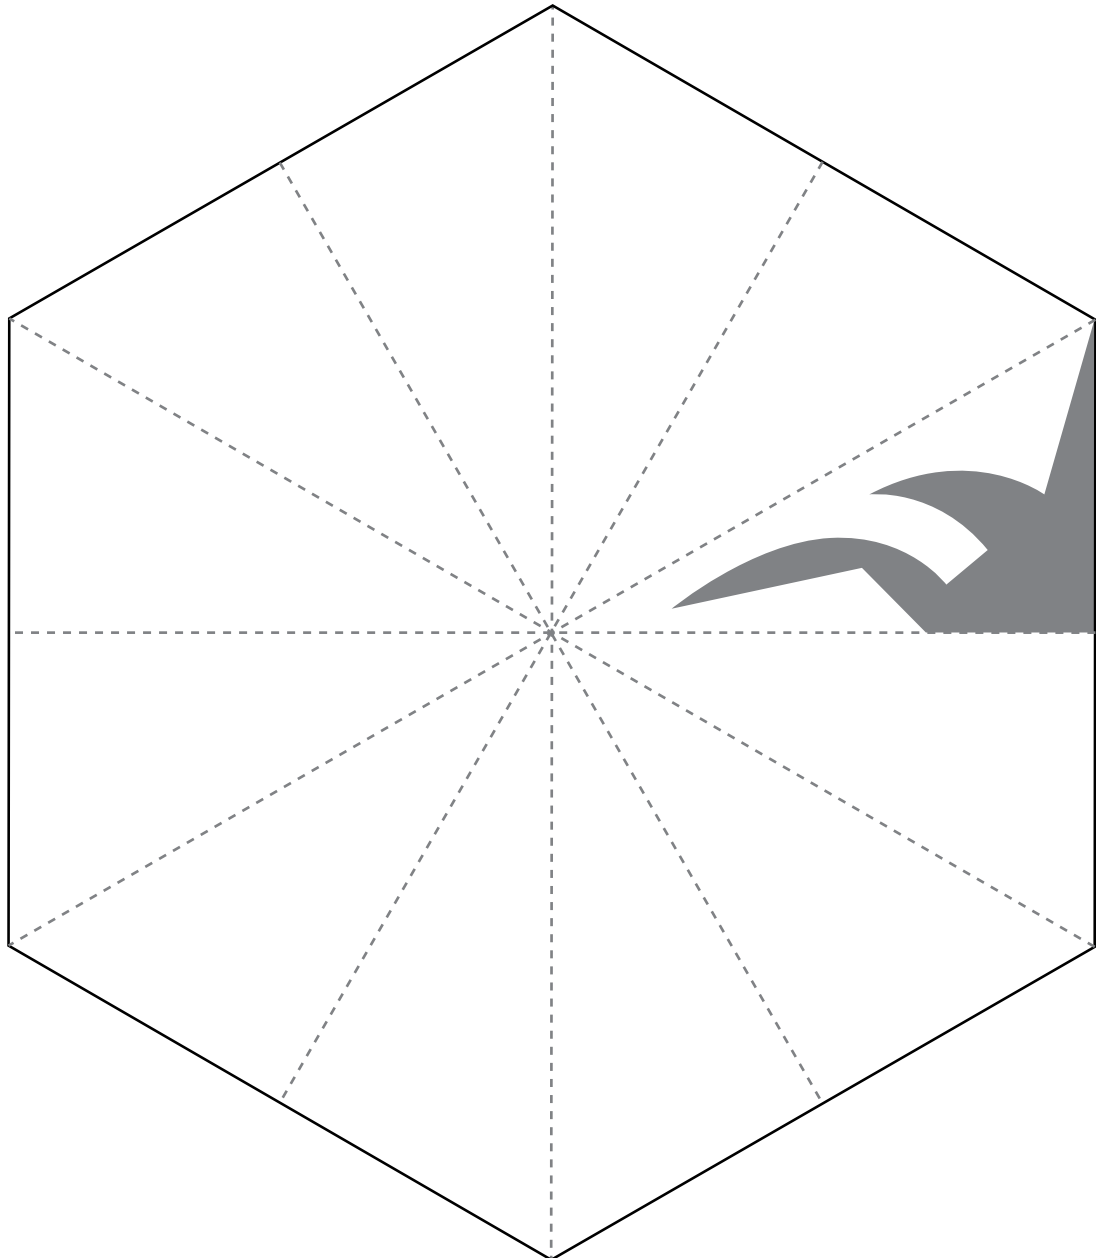

6. Now cut out the shape of the folded triangle

**Save the Children**
